TARANDEV, THE SOUL OF CASIN'ANAND.

Sat Nam, dear friend,

I am **Tarandev Kaur**, the soul of **Casin'Anand**. As a certified **Kundalini Yoga** teacher, I fell in love with this sacred practice more than ten years ago.

My journey has been guided by incredible teachers, including **Sada Sat Singh, Sada Sat Kaur, Shiv Charan Singh**, and **Yogi Shabad**. I have studied and practiced in inspiring places such as **Golden Bridge** and **RaMa Institute** in New York, as well as **Equilibrium** in Montreal. For a time, I lived in **Bermuda**, where I shared the teachings of Kundalini Yoga in my own studio.

Kundalini Yoga is a **profound and transformative technology**—one that is accessible to everyone, right from the very first experience. No special preparation is required; as **Yogi Bhajan** said:
"It's a train you can jump on at any moment."

At **Casin'Anand**, you will have the opportunity to spend a day with me, immersing yourself in a **harmonious, Shakti-connected** way of living. Together, we will explore the **Kundalini lifestyle**, bringing yogic awareness into daily life—acting **consciously**, living in **harmony**, and fostering a deep **respect** for **Mother Earth**.

Every aspect of **Casin'Anand** has been created with intention. It is a true **manifestation of the change we all dream of** a place where everything flows in harmony, nestled in the **magical land of Apulia**.

I look forward to sharing this journey with you.

Me, Tarandev Kaur

THERAPIST, ACUENERGETICS® SENIOR PRACTITIONER, COURSE INSTRUCTOR AND MEDITATION TEACHER

Chiara Cattaneo – Bio-Electrical Healer & Longevity Expert

I am a bio-electrical healer, teacher, and longevity specialist, dedicated to helping people **restore vitality and turn back the clock on aging—naturally**. My work is rooted in **AcuEnergetics®**, a **revolutionary Energy Medicine** that merges wisdom from Traditional Chinese Medicine, Judaic, Ayurvedic, and Taoist traditions with the latest insights from modern Western medical science.

My philosophy is simple yet powerful:
RESTORE FLOW – RESTORE FUNCTION.

When the body's bio-electrical system is disrupted, it accelerates aging, weakens resilience, and impacts overall well-being. By restoring the natural flow of energy, I help my clients **regain mobility, strength, clarity, and emotional balance**—allowing them to **thrive at any age**.

I am also the creator of the **Reversing the Ageing Process (RAP)** Program—a cutting-edge approach to rejuvenation, designed for those who want to **look and feel 10 years younger without exhausting workouts, medication, or surgery**. RAP helps restore youthful energy, improve brain function, enhance flexibility, and boost overall vitality using science-backed bio-electrical treatments.

Having worked with high-achieving individuals in **St. Tropez, Europe, and Australia**, I understand the challenges of modern aging. In collaboration with the founder of AcuEnergetics®, I have developed a groundbreaking Program to slow and even reverse the effects of time.

In addition to my healing work, I teach **Taoist meditations** that promote profound **self-awareness, inner peace, and long-term well-being**.

Are you ready to renew your vitality, awaken glowing health, and regain youthful energy? Let's begin this journey together.
